**The 5th Avenue Theatre presents
The Rising Star Project: *Spamalot*
An All-State All-Student Presentation
On The 5th Avenue Stage**

Lovingly ripped off from the motion picture *Monty Python and the Holy Grail*
Book and Lyrics by Eric Idle; Music by Eric Idle; John Du Prez, and Neil Innes

3 Performances Only! March 14 and 15, 2014

WHAT: After **The 5th Avenue Theatre** wraps up its professional production of *Monty Python's Spamalot*, the curtain will rise again for an all-student production, featuring nearly 100 students from across Washington State. The **Rising Star Project: Spamalot** is not only a brilliant artistic collaboration between some of the area's most promising up-and-coming young talent, but an educational program unlike any other in the country. Teen performers have the opportunity to rehearse with sets and costumes from the mainstage production as they learn the responsibilities of working in a professional theater. Meanwhile, students produce, develop, and market the student production under the mentorship of The 5th Avenue staff. Through the **Rising Star Project: Spamalot**, students passionate about musical theater are able to gain first-hand experience in the process of staging a professional musical, and are given the opportunity to celebrate their cumulative experience in three public performances on the legendary 5th Avenue mainstage.
